A WORD FROM

THE AMBASSADOR

Dear all,

I'm delighted to present the Goût de France 2024 campaign, back in Australia after several years' absence.

Launched in 2015 in partnership with chef Alain Ducasse, Goût de France has become a unique event in the world, bringing together thousands of guests each year around the excellence of our cuisine.

Flagship illustration of our culinary expertise, the event now relies on an international network of chefs and restaurateurs in over 150 countries, relayed by all our embassies around the world.

This Goût de France campaign in Australia will run from June 24 until the opening of the Paris 2024 Olympic and Paralympic Games. As an appetiser for this global sporting event, we're delighted to share our gastronomy and honour the women and men who delight us all year round. Like top-level athletes, our chefs and artisans are committed to perfection, guided by the highest standards. Whether as a brigade or a team, teamwork is essential to success.

In Australia, Goût de France will be an opportunity to promote our products, our know-how and our art of living; hundreds of restaurateurs, caterers, importers and producers will be helping to celebrate the richness of our gastronomy.

I would like to thank these ambassadors of French taste in Australia for their active participation in this month-long feast for the taste buds. They will welcome you and offer menus, dishes and original products unveiled especially for the occasion. Whether they're Australian, French or from elsewhere, all these artisans of French taste will bring us moments of happiness, culinary discovery and taste.

Together, let's make our gastronomy shine!

Pierre-André Imbert
Ambassador of France to Australia

A WORD FROM

OUR PARTNERS

"There are a multitude of goûts de France, from family cooking, to regional cooking to the extraordinary French haute cuisine, where the finest ingredients prepared with French savoir faire are transformed into the most delicious dishes."

Gabriel Gaté
French chef in Australia

"Cuisine is a central element of our French identity and a source of great pride for French people. Our gastronomy is not just a traditional heritage, but a living thing, something that illustrates the creativity, conviviality and diversity of our country. It's also a way of sharing our passion for food with our guests and showcase the best we have to offer. As the Club des Chefs des Chefs' motto says: "If politics divides people, a good table always reunites them!""

Guillaume Gomez
French Ambassador for gastronomy
